

## **I'm still standing**

You could never know what its like  
Your blood like winter freezes just like ice  
And theres a cold lonely light that shines from you  
Youll wind up like the wreck you hide behind that mask you use

And did you think this fool could never win  
Well look at me, Im coming back again  
I got a taste of love in a simple way  
And if you need to know while Im still standing you just fade away

Dont you know Im still standing better than I ever did  
Looking like a true survivor, feeling like a little kid  
Im still standing after all this time  
Picking up the pieces of my life without you on my mind

Im still standing yeah yeah yeah  
Im still standing yeah yeah yeah

Once I never could hope to win  
You starting down the road leaving me again  
The threats you made were meant to cut me down  
And if our love was just a circus youd be a clown by now
