

## **Something got me started**

Something got me started  
You know that I will love you  
Lately since we parted  
I truly know that I need you

I'd give it all up for you  
(Yes I would)

Totally broken-hearted  
Guilty of what I did to you  
Lately since we parted  
I truly know that I need you

I'd give it all up for you  
(Yes I would)

You've got to help me, help me, help me
